

the HELICOPTER

The Rotary Club of Pensacola District 6940 Club 4248

WEEK IN REVIEW 04/17/2018

The April 17th meeting of the Downtown Rotary Club was held at New World Landing. Guests and members were warmly greeted at the door by Leslie Hunter Huff and Andrea Krieger. Ticket sales were handled by Ron Jackson and Sally Fox.

President Paul (fresh back from vacation) called the meeting to order and led us in the 4 Way Test. Sally Fox (doing double duty today), led us in the Rotary Prayer and Pledge. Our very own Scott Grissett delivered on Sunshine. He introduced our military guests, visiting Rotarian's and several guests of members. We had quite a few members celebrating birthdays this week. President Paul reminded everyone about the membership drive continuing through the month of April. Members may bring potential new members and there is no fee.

President Paul then gave us his moments in history. He then called on Steve Wilmer to take the floor. Being a former Marine, he did not need a microphone. Steve was raising donations to help pay for T-shirts for the volunteers working for the NAS Star Spangled Salute to honor our military. The event will be held on May 19th aboard NAS. Club members were asked to help sponsor the event. They gave generously.

Mark Harden then took the podium to introduce our guest speaker, Paul Carney. Paul is an author and has just had a new book "Move Your AE (ASH)" published. He has worked in various positions at companies such as Navy Federal Credit Union, Natural Insight, and Advanced Solutions International. Paul works with companies and individuals to Know, Show, and Grow your Career. He

has over 30 years of experience as an entrepreneur, trainer, HR professional and career advocate. Often individuals feel intimidated to show and promote their own value to their leaders and potential employers. He conducts unique workshops to help employees understand how to document and measure their value, then promote it. Paul works with leaders of organizations to show them how to develop the full value of their teams for the highest return on their Human Capital investment. The value equation works best when both the employer and the employee understand the benefits each receives.

President Paul then thanked the volunteers for today's meeting and adjourned.
