WEEK IN REVIEW

Warm Rotary greetings for everyone on this sunny but cool day came from Roger Enzor and Issa Ephtimios. President Bullock called the meeting to order and led us in the four-way test. Prayer and pledge was led by Earl Hutto.

President Bullock began the meeting by inviting Frances Yeo and Peit Hudson to introduce our newest member, Antonio Terry of Gulf Power. Frances also thanked the club from the bottom of her heart for all the support and well wishes given to her as she has focused on her health.

Frances also shared the success of the RYLA retreat that was held last Thursday through Sunday at Adventures Unlimited. More than 73 10th graders and 9 11th graders attended this year. Thanks were

given to our club's volunteers including the Program Chair: Andrea Farage, Group Leaders: Denise Windham and Ed Wonders, Facilitators: Sherry Hartnett, John Schaffer, Ron Richards, Charlie Sherrill, Frances Yeo, and Snack Man: Roger Enzor.

Mr. Sunshine, Henry Roberts, welcomed guests and visitors. To recognize Rotarians with birthdays this week John Appleyard played a dirge, and then the club sang Happy Birthday to You All.

Sam Foreman of the Gulf Breeze club and Program Coordinator for the Rotary Group Study Exchange introduced our guests from Italy. The Team Leader, PierMarco Romagnoli introduced their

five-person group that included an engineer, lawyer, writer, environmental consultant, and 2nd year resident. The Group Study Exchange is a unique cultural opportunity that provides participants with opportunities to observe vocations as practiced in another country and participate in an exchange of ideas. This group was from District 2040 in Italy, which covers the territory of Milan and all the area north of Milan up to the Alps and the Swiss border. It is made up of 85 Clubs and 5,200 Rotarians. They shared plans for the Rotary-Expo 2015 (Milano) with the theme "Feed the Planet, Energy for Life".

President Bullock thanked all those that helped at the meeting, and with that the meeting was adjourned.

ROTARY WHEELS

Word is that Coy Irwin and Cal Moore, both backers of the statue to be installed in the de Luna Park, are to stand firm in calling this a likeness of Don Tristan. Somehow critics had tried to change the designation to "a conquistador." Hats off to Cal and Coy.

Mike Ferguson reports that Honor Flight #3, with 102 WWII vets aboard, made a faultless trip to the memorial in Washington. Flight Four goes April 29th.

Gerry Goewing and Skip Furlong reaffirm the publicity that said the space academy WILL be underway shortly. Part of this construction will put scores of vintage aircraft under roof instead of standing in the weather.

Sorry to hear that Sam Goldenburg had a nasty fall at home.

Jack Williams and his crew have found innovative ways to put additional fun in front of people as the various spring festivals and gallery nights unfold.
